

mk@FRONTIER'S EDIBLE GARDEN

What are these seeds? Our parents from our Family Support Group are here to introduce the seeds to us!

Let's put some soil in the cup to plant the seeds!

Now, let's add the seeds into the soil!

**We learn how to take care of the
plants we grow! Thank you,
daddy, for sharing with us!**

**We water our seedlings
to help them grow!**

**Our seedlings will grow
strong and healthy when
we take care of them!**

Our seedlings are ready to be transplanted! Let's move them to our garden!

Our seedlings will now have sufficient space and sunlight to grow well!

**We will continue to care
for the plants in our
Edible Garden!**

**Let's water the plants so that
they will grow well! We love to
take care of the plants!**
